SKILLS

STATISTICS & MODELING

- Descriptive/Inferential Statistics
- Hypothesis Testing & Validation
- Probabilistic/Predictive Modeling
- Time Series
- Discriminant Analysis

AI & DATA ENGINEERING

- Machine Learning (Scikit-learn · XGBoost)
- LLMs · RAG · LangGraph · AI Agents
- NLP & Computer Vision
- Prompt Engineering
- ETL/ELT · Advanced SQL · SOAP/REST

DEVELOPMENT & GOVERNANCE

- Python (Pandas · NumPy · FastAPI · Streamlit)
- Docker · Git · BPMN · ECM (SE-Suite)
- Process Automation & Systems Integration
- Data/AI Governance · ISO 9000
- Agile Methodologies (Scrum/Kanban)

BPM & AUTOMATION

- BizAg BPM Suite · IBM Maximo SRM
- ITIL v3 · Oracle Applications
- PL/SQL · Java · Groovy/Grails

IMPACT HIGHLIGHTS

- SJUR/FGV: R\$ 28M monitored, 4,980 legal cases resolved (2025) + 11,998 Official Gazette emails classified via LLM with 88% accuracy - detecting FGV citations as defendant before the case number is even known.
- 96.82% accuracy (Macro F1: 0.9665) across 13 categories and 1,750 documents: automatic classification of FGV academic archive with ML/NLP + multi-engine OCR pipeline and API in production on FGV HPC (CIDA project).
- Process2Diagram: meetings -> BPMN 2.0 diagrams + structured minutes + IEEE 830 requirements in a single automated run (Python · LangGraph · LLMs). Access available on request via LinkedIn.
- ~30% reduction in remaining execution time on a critical project (Xerox Brasil), through an innovative solution - delivered ahead of schedule.
- Kaggle: 56 published datasets, 217 notebooks, Hull Tactical Market Prediction competition (S&P 500 excess returns, USD 100k prize) + GenAI Intensive Google/Kaggle capstone - 5 courses completed.

PROFESSIONAL EXPERIENCE & RELEVANT PROJECTS

FUNDAÇÃO GETÚLIO VARGAS (FGV)

2019 - Present

Technical Lead | Applied AI, Automation & Systems Integration

FGV direct employee (CLT) since Apr/2022; Senior Consultant allocated via MGN Informática S.A. from Apr/2019 to Mar/2022 - same role and projects throughout.

- Technical leadership on strategic AI/ML, automation, and systems integration projects for FGV's corporate areas (Legal, Audit, Academic, Contracts).
- SJUR [GenAI/LLM]: legal-AI ecosystem comprising (1) DataJud Monitor (Python · Streamlit) via CNJ API - R\$ 28M monitored, 4,980 cases resolved (2025), 3,765 flagged (Q1-2026); and (2) Official Gazette citation classifier via LLM (DeepSeek · Gemini · Llama), processing 11,998 SERDON emails at 88% accuracy.
- CIDA [ML/NLP]: pipeline for automatic academic document classification - 96.82% accuracy (13 categories, 1,750 docs), multi-engine PDF extraction (PyMuPDF · Tesseract · EasyOCR), SOAP integration with FGV SGC, Flask/JWT API in production on FGV HPC.
- Process2Diagram: meeting transcripts -> BPMN 2.0 diagrams + structured minutes + IEEE 830 requirements in a single automated run (LangGraph · LLMs). Access available on request via LinkedIn.
- NDOC [Computer Vision]: RetinaFace for automatic captioning of institutional photo archive.
- ECM & BPM [Automation/Integration]: technical owner of content governance and process automation on SE-SUITE. Contracts Portal: 1,330 contractual instruments, end-to-end BPM pipeline with D4Sign e-signature. SE-SUITE Utils: SOAP wrappers (22+ operations), migration of 200+ documents across 28 units, FastAPI/Docker.

ADDITIONAL TRAINING

- 5-Day Gen AI Intensive - Google/Kaggle (Apr/2025)
- 5-Day AI Agents Intensive - Google/Kaggle (Nov/2025)
- Kaggle Learn: Intro to ML · Intermediate ML · Feature Engineering · Intro to Deep Learning · Computer Vision (5 courses)

INTERESTS

- Yoga & meditation (regular practice)
- Cooking
- Indian mythology applied to business
- Chess / strategic thinking
- Music

TRUST BUSINESS CONSULTING (own company)

2013 - 2018

Founder & Senior Consultant

- EPE - Energy Research Company: mapping and automating 90 corporate processes (National Energy Plan, Procurement, Public Tenders) in BizAgi BPM Suite, in partnership with Microware.
- PUC/Petrobras: team coordinator for development of a service management system for oil platforms (Groovy/Grails · Java · Oracle).
- Sanofi / Remer Villaça & Nogueira: design and implementation of Strategic KPI Management for Sanofi's Patent Support division - KPI diagnosis by segment (Innovative Healthcare, CHC, Generics), proactivity metrics and BizAgi automation.

INDEPENDENT CONSULTING

2006 - 2013

Senior Consultant | BPM, ITIL & Process Automation

Probank Inteligência e Tecnologia (2006-2008) · Path ITTS (2008-2011) · Partner IT (2011-2013)

- Path ITTS (partner, 2008-2011): Master ITIL v3 Consultant at PMESP - Sao Paulo State Military Police (Change, Configuration and Service Catalog Management on IBM Tivoli Maximo SRM 7.1); similar projects for Grupo Pague Menos and Multiterminais.
- Partner IT (2011-2013) - RioCard TI / FETRANSPOR: IBM Maximo implementation with Environmental Management modules (licenses, permits, penalties, appeals), Mobile Health Clinic management (CVS fleet) and SLA breach prediction algorithms (SQL/DB2); full ITIL v3 processes (Change, Problem, Configuration, Service Level).
- Probank (2006-2008) - Xerox Brasil: IT Asset Management process redesign and development on Oracle Applications/PLSQL/Java. Turnaround with ~30% reduction in remaining execution time, delivered ahead of schedule.

VERIFIED RESULTS

- 1,330 contractual instruments in end-to-end BPM pipeline with D4Sign digital signature (FGV Contracts Portal)
- ~30% reduction in remaining project execution time - delivered ahead of schedule, confirmed in project manager testimonial (Xerox Brasil)
- 90+ corporate processes mapped and automated in BizAgi BPM Suite for EPE (National Energy Plan)
- SLA breach prediction (SQL/DB2) + Environmental Management IBM Maximo - RioCard / FETRANSPOR
- ITIL v3 implemented at PMESP - pioneering IT Service Management project in Sao Paulo State

ACADEMIC BACKGROUND

MBA in Strategic and Economic Business Management

Institution: Fundação Getúlio Vargas - FGV, August/2014

Extension in Structured Systems Analysis and Design

Institution: Rio de Janeiro State University - UERJ, Dec/1990

B.S. in Statistics

Institution: Department of Mathematics and Statistics, Rio de Janeiro State University - UERJ

COMMUNITY ENGAGEMENT

- Director Member - Centro Ramakrishna Vedanta Rio de Janeiro (vedantarj.org.br)
- Musical group leader at the center

RECENT PUBLICATIONS

- LearnMate: Multi-Agent AI Tutor (Nov/2025) - Kaggle/Google AI Agents Intensive
- Echoes of Climate: Politics & Planet (Apr/2025) - Kaggle/Google GenAI Intensive
- Indian Mythology & Business (article in preparation - LinkedIn)

TESTIMONIALS

"Decisive innovation at a critical moment: proposed and executed a solution with controlled technical risk, generating ~30% savings in remaining time and allowing delivery ahead of schedule. Brilliant and reliable professional."

Rodrigo Monteiro Gaio - PMP | IT Project Manager (Xerox Brasil)

"Business-solution driven professional, highly committed to results and technical rigor. Delivers simple and brilliant solutions, with vision, ethics, reliability, and strong relationship and leadership skills."

Joaquim Santos Neto - CIO | Digital Transformation
